

“Don’t worry, they won’t bite.”

Any dog, any breed, any age, any size can bite if provoked.

Reduce the chances your dog will bite by taking these precautions:

Neuter your pet; neutered dogs are less likely to bite.

Socialize your dog so it feels at ease around people and other animals.

Don't put your dog in situations where it may feel threatened or teased.

Obey leash laws. Don't let your dog roam free.

Teach children not to approach strange dogs.

For your sake and your dog's – be a responsible pet owner.
